Electronic Availability

The text of the List of Medical Supplies, General License 4 under the Ukraine-related sanctions program, and additional information concerning OFAC are available from OFAC's website (www.treasury.gov/ofac).

Background

On December 19, 2014, OFAC issued and posted on its website (www.treasury.gov/ofac) General License 4 under the Ukraine-related sanctions program to authorize the exportation or reexportation from the United States or by a U.S. person of agricultural commodities, medicine, medical supplies, and replacement parts to the Crimea region of Ukraine. General License 4 defined the term “medical supplies” to mean those medical devices, as defined in paragraph (d)(3) of General License 4, that are included on the List of Medical Supplies on OFAC’s website (www.treasury.gov/ofac) on the Ukraine-related Sanctions page. On the same day, OFAC also posted the List of Medical Supplies on its website. Most recently, on August 12, 2016, OFAC updated the List of Medical Supplies to include additional items.

As highlighted in the Note to paragraph (d)(4) of General License 4, the List of Medical Supplies is maintained on OFAC’s web site and will be published in the Federal Register, as will any changes to the list. Accordingly, both the current version of the List of Medical Supplies and the original version of the List of Medical Supplies are reproduced below. The versions below correct a typographical error in versions that were previously published on OFAC’s website.
